DYNAMITE DESTROYED

Terrible Explosion Takes Place Not Far From Chicago.

THREE MEN KILLED.

Fragments of a Body Found In Tree Long Distance and Portion of Another Corpse Blown Many Feet.

Chicago, July 13.—Three men were reduced to atoms, three others fatally injured and several more badly hurt by an explosion in the McLaughlin stone quarries at Bellwood, a short distance northwest of Chicago early today.

There is evidence that the explosion was the result of a plot on the part of parties to the police at present unknown. The dynamite shed, which is at a considerable distance from the works, were broken open and the death dealing compound carried to a building in which a number of laborers were sleeping and exploded beneath the structure. Survivors declare there was no dynamite around the building, which was wrecked, when they retired for the night.

The explosion was terrific and aroused residents for several miles around and shattered many panes of glass a mile away.

The greater part of the body of one man killed was taken from a tree 100 feet from the place where the building stood. A section of a corpse was found lying by a tree. The men killed and injured are Greeks and Italians.

BOLD DIVINITY STUDENT.

Forcibly Release a Professor and a Fatal Fight at Once Follows.

Teheran, Persia, July 13.—There is a recrudescence of political unrest among mullahs and divinity students, which was noticed earlier in the year, and it is exciting great uneasiness in governmental circles. Divinity students have broken out into active opposition to the authorities and forcibly released a professor, who had been imprisoned on a charge of using seditious language. In an affray one student was killed and two wounded. The heads of the clergy immediately assembled in the great mosque and issued insistent demands for immediate granting of reforms previously promised in January.

All shops except butchers' and bakers' are closed and the city is patrolled by troops. The grand vizier and other ministers, who were in the country, have hastily returned to their posts.

SEVERAL INDICTED.

Keepers of Gambling Houses at Excelsior Springs to Be Tried.

Liberty, Mo., July 13.—A special grand jury here indicted several keepers of gambling houses, who operated at the watering resort of Excelsior Springs. The prosecuting attorney has notified Governor Folk, at whose instance the jury was called, that there is sufficient evidence to send a number of those indicted to the penitentiary. Following the holding of the Democratic convention at Excelsior Springs in May last the existence of gambling was brought to the attention of the governor.

INTERSTATE PASSES.

Southern Pacific Railway Will Cancel All Given Out.

San Francisco, July 13.—Congress having passed the railroad rate bill with a sweeping feature prohibiting the issuance of railroad passes, President Harriman of the Southern Pacific has sent out orders to cancel annual interstate passes, which the San Francisco road officials sent out at the beginning of the year. This cancellation order will not go into effect until the end of this year, because the law in question does not become operative until that time. The congressional law has nothing to do with the company's annual passes within the limits of this state.

PREARRANGED DEED.

Crefield's Widow Admits She and Esther Mitchell Made Compact.

Seattle, Wash., July 13.—Immediately after the arrest of Esther Mitchell, the seventeen-year-old girl who killed her brother here Thursday night, orders were given for the arrest of Mrs. Maud Crefield, widow of the prophet, whose death at the hands of George Mitchell led to the tragedy. Mrs. Crefield, however, telephoned the police where she could be found. When taken to the station she frankly admitted she entered into a compact with Esther to kill the slayer of her husband. She will be held as an accomplice.

Took Rough on Rats.

San Antonio, July 13.—Santiago Taffola, a young man, took rough on rats and died.

SEVEN CHILDREN DIE.

Six Little Ones Drown In Efforts to Save Companion.

BUT ONE SURVIVOR

Little Girl While Wading In Cedar River Gets Into a Deep Hole and She and Her Wouldbe Rescuers Perish.

Cedar Rapids, Ia., July 13.—In their efforts to rescue each other from drowning, seven children, members of a picnic party of eight, were drowned in Cedar river within three blocks of their homes, Thursday afternoon. The dead:

Lucille Sweeting, aged seven.

Hazel Sweeting, fourteen.

Gladys Sweeting, ten.

Josie Sweeting, twelve.

Ruth Coyle, eleven, Sioux City.

Cora Coyle, nine, Sioux City.

Clara Usher, sixteen.

The Sweeting children lived with their father near Ellis park, in the outskirts of the city. Clara Usher was the daughter of Sweeting's housekeeper, and the Coyle children were neices, who were here on a visit.

Ruth Klersey, the only survivor, said they were wading, when little Lucille Sweeting slipped into a deep hole. Hazel Sweeting went to her rescue and slipped into the hole. The next girl rushed after her, and so they kept trying to save each other until all of the girls except Ruth Klersey had been drowned. She then ran home and gave the alarm. Four of the bodies were quickly removed from the water, but it was too late to rescue the others.

HERMANN HAMMERED.

Birmingham Team Bats Him at Will, and Wins Easily.

At Nashville Thursday the Birmingham team of the Southern Baseball league got fourteen hits off Pitcher Hermann of the locals, winning 11 to 3.

Atlanta, 1; Montgomery, 0. Pitcher Walsh, formerly of the Fort Worth club of the Texas league, twirled for Montgomery. Only six hits were secured off him, an error causing Atlanta to win.

REIGN OF TERROR.

One Hundred Strikers In Possession of Government Camp.

Denver, July 13.—One hundred strikers, says a special to the Post from Cody, Wyo., are in possession of the government camp at Corbett Tunnel, in the Shoshone reservation works, eight miles from Cody, and have created a reign of terror. They threaten the lives of 500 other men if they return to work. Sheriff Hammett of Cody, with fifty mounted deputies, heavily armed, left here for the scene. A battle is sure to follow, as the strikers are armed, and are incensed at the officers because they drove them out of Cody the week before.

UNKNOWN LYNCHED.

Body of a Negro Found Hanging to a Tree In Louisiana.

Shreveport, July 13.—The body of an unknown negro was found hanging to a tree in the northeastern part of Claiborne parish Thursday morning, having been lynched by a mob, who took him from officers. The lynching occurred a few miles south of Junction City, Ark., where the negro attempted a criminal assault on the sister of Ned Thompson, a prominent farmer.

Big Slump In Shares.

Glasgow, July 13.—There was a big slump in shares of the Fresno Copper company on the local Stock Exchange Thursday in consequence of the announcement that Frederick Siebert, an expert appointed to examine the property condemned the mine. Five dollar shares dropped immediately to \$1.12.

JUDGE BELL AS ATTORNEY GENERAL.

In nearly four years during which Judge Bell held the office of attorney general more than \$120,000 was collected from persons, firms and corporations for violation of the anti-trust and other laws. Permits of more than

twenty foreign corporations were forfeited in suits, some of which were prosecuted through the supreme court of the United States. A great number of the charters of domestic corporations were forfeited. In twenty-seven suits which were prosecuted to a final conclusion, over 200,000 acres of land was recovered and over \$100,000 collected and paid into the treasury in addition to the sum collected as fines. In many suits against the railroad commission, commissioner of the general land office and other state officials, the defendants were represented by the attorney general. The charters forfeited of the breweries, the cotton seed oil mills, the electric light companies, the street electric companies and other violations of the anti-trust laws, can be mentioned in the record.—Fort Worth Record.

With such a record as this any man who can read can understand that the charge of undue friendliness to corporations, brought against Judge Bell in this campaign, is wholly and maliciously false. While Judge Bell is a fair and just man and will not persecute corporations, yet as a public official he always has and always will hold them to strict obedience to the law.—San Antonio Express.

MR. COLQUITT IS A FIGHTER.

He Made It Exceedingly Lively for a Crowd of Three Hundred at the Opera House Last Night.

Mr. O. B. Colquitt faced a crowd of fully 300 at the opera house for more than two hours last night and made one of the hottest political speeches ever heard in Bryan with-in the knowledge of the writer. He was introduced by Prof. Horace South as a man running for governor on live issues and not on glittering generalities. He hadn't talked 3 minutes before the crowd realized he was a live proposition and a fighter able to take care of himself in most any kind of a rough and tumble.

He handled Bell and Campbell without gloves, declaring Bell to be the official trust candidate and Campbell the former head of the railroad lobby of Texas. He spent a great deal of time on Col. Campbell's railroad and labor record, and in making reply to many of Mr. Moore's statements in his speech of the afternoon. He referred to Mr. Moore as Mr. Campbell's apologist and defended the Houston Post from the attacks made on that paper. He opposed the manner of selecting candidates for delegates to the county convention to be voted on in the primaries, as provided in the Terrell election law.

He scored the Lanham administration and said he wanted to be elected governor so he could buy the biggest broom in Texas and sweep out the whole crowd. Sizing up the race for governor he said that Brooks had never got any further than the water, that Bell was already defeated and that Campbell was stumbling to fall. Replying to criticisms that he should resign as railroad commissioner, he said that in this campaign he was rendering the people of Texas the best service he ever did in his life. He invited an investigation of his record and a comparison with that of the other candidates.

He romped on Monta Moore's trust commission idea and said we already have enough laws and officials if the latter would do their duty in enforcing the former. He quoted Campbell on saying that the trust commission was "Monta's baby" and added that Campbell is furnishing the milk to raise it.

Mr. Colquitt reviewed the issues of the campaign upon which he is making the race for governor and which have been repeatedly published in the state papers.

A feature of the meeting not down on the program was the star coaching of the orator by John D. Flewellen of Navasota who occupied a seat on the stage and made almost as much reputation as Colquitt.

Another diversion was afforded by a few colloquial passages between Mr. Colquitt and Mr. Moore who was in the audience.

THE CAMPBELL SPEAKING.

Being Absent on Account of Illness, Col. Campbell was Represented by
Monta J. Moore—Big
Crowd Present.

General regret was felt by the people of Bryan and Brazos county that Col. T. M. Campbell was not able to be here yesterday to fill his appointment to speak in the interest of his candidacy for governor on account of illness. Nevertheless when 3 p. m., the appointed hour arrived, the district court room was well filled with an expectant audience variously estimated from three to five hundred people, many of them being from the country and here expressly to hear the Palestine candidate.

Hon. Monta J. Moore of Cameron, himself until recently a candidate for governor, was here to represent Col. Campbell, and performed the duty most creditably. Judge V. B. Hudson introduced Mr. Moore to the audience, comparing the present campaign to the Hogg and Clark campaign and attacking the daily press, particularly the Houston Post for its attitude in the campaign.

Mr. Moore spoke for two hours or more, reviewing the principles upon which Col. Campbell is making the race for governor, and his remarks were frequently applauded. He declared the two issues of the campaign to be, (1) revenue and taxation; (2) shall the people or the corporations control the state government.

The speaker outlined Col. Campbell's tax system, dwelling particularly on the taxes now paid by the railroads and other corporations as being far below what they should pay. He paid his respects to the deficit in the state treasury; to the other candidates for governor on various counts; to the trusts; to the lobby, particularly with reference to the defeat of the blanket primary provision at the special session of the legislature; to the Post and Chronicle for alleged misrepresentation of the status of the campaign in the interest of Colquitt and Bell; and to Brooks and Colquitt for not resigning their present offices, which he asserted they will have to do if they desire to have their candidacy for governor seriously considered by the people of Texas. He echoed the oft reported charge that Bell is the candidate of the corporations.

He declared that Col. Campbell was not responsible for any of the rebating alleged to have been done when he was general manager of the I. & G. N. railroad, but that when the matter was brought to his attention by other officials he told them to track the law. In conclusion he assured his hearers that Col. Campbell would sweep the state in the primaries July 28.

An incident of Mr. Moore's speech was that Hon. O. B. Colquitt walked in the door of the district court room while Mr. Moore was discussing Mr. Colquitt's tax proposition and just as the speaker uttered the name "Mr. Colquitt." Some of the crowd recognized Mr. Colquitt with a ripple of applause, and Mr. Moore then seeing him, introduced the railroad commissioner and gubernatorial candidate to the audience, and continued his remarks on the subject under discussion.

ter. Expert Cavalho testified that the

SISTER'S REVENGE.

**Esther Mitchell Kills Brother Who
Took a "Holy Roller's" Life.**

Seattle, Wash., July 13.—George
Mitchell, the youth who recently shot
and killed Franz Edmund Creffield,
the so-called "Holy Roller" prophet,
and who was acquitted of the charge
of murder on a plea of insanity, was
shot and killed by his sister, Esther,
at the union station a few minutes
before 5 o'clock Thursday afternoon.

Esther Mitchell joined the "Holy
Rollers" at Corvallis, Ore., and was one
of the most fanatical of Creffield's
followers. When her brother pursued
the leader to Seattle and shot him
down on the street he pleaded in jus-
tification that Creffield had deluded
and wronged his sister.

George Mitchell was acquitted of
the charge of murder on Tuesday,
and nearly all the day following he
spent in search for Esther in Seattle
lodging houses.

RIPE FOR REFORMS.

**Bryan Asserts That in a Measure He
Is Conservative.**

London, July 13.—In discussing some
of the questions which have been raised
recently Hon. W. J. Bryan stated
that in one sense he has always been
conservative, but is ripe for reforms.

"I believe in bimetalism, and I be-
lieve that the restoration of silver
would bring still further prosperity,
besides restoring par in exchange be-
tween gold and silver using coun-
tries; but I recognize, as do all other
bimetallists whom I have met abroad,
that the unexpected and unprece-
dented increase in gold production has
for the present removed the silver ques-
tion as an issue."

Mr. Bryan stated that he would dis-
cuss the trust, tariff, railroad and
labor questions, imperialism and other
issues at length when he reached
America.

TO BE PROSECUTED.

**Dr. D. S. Montigue Will Be Proceeded
Against at Once.**

New Orleans, July 13.—Steps to
prosecute Dr. S. Montigue, the physi-
cian of La Place, La., who failed to re-
port a case of yellow fever to the
health authorities until after the pa-
tient's recovery, have been taken by
Dr. C. H. Irion, president of the Lou-
isiana state board of health. Dr. Irion
was informed by counsel for the state
board that the physician can be pro-
ceeded against under a provision in
the state law, making it a misdemeanor
to violate the sanitary code. The
present code requires that contagious
diseases be reported within twenty-
four hours after discovery.

Dr. Irion ordered the prosecutor at
La Place to file information against Dr.
Montigue.

LEADER SLAIN.

**Former President Regalado of Salva-
dor Killed in Battle.**

Washington, July 13.—Regalado, for-
mer president of Salvador and the
leader of the Salvadoran troops in the
present conflict with Guatemala, was
killed in battle Wednesday. The an-
nouncement of his death reached the
state department through a dispatch
from United States Minister Merry at
San Salvador. The dispatch added
that Regalado was killed in the last
movement of the Salvadoran troops
against the Guatemalans. Salvado-
reans were defeated.

A report by way of City of Mexico
says the Salvadoreans were defeated.

SOCORRO SHAKEN.

**At San Marcial Large Buildings Per-
ceptibly Swayed.**

El Paso, July 13.—Socorro, N. M.,
experienced an earthquake Thursday
morning that broke dishes. It was fol-
lowed by two lighter shocks. One of
the severest earthquakes that has been
experienced in San Marcial occurred
at 5:12 o'clock Thursday morning.
Large buildings swayed perceptibly,
and it was feared they would rock off
their foundations. A second shock was
felt at 5:43. These shocks have been
very frequent of late.

MARRIED AGAIN.

**Justice MacLeary and Former W.'s
Once More United in Wedlock.**

Philadelphia, July 13.—Announce-
ment was made Thursday that Judge
James Harvey MacLeary of San Juan,
associate justice of the supreme court
of Porto Rico, was married here Wed-
nesday to Mary King MacLeary of Au-
burn, N. Y., from whom he was divorced
in 1901. The ceremony was per-
formed by the Rev. Fred J. Clark, as-
sistant rector of Holy Trinity Episco-
pal church.

Judge MacLeary is sixty years of age,
and his widow forty-nine. After the
death of his first wife at San Antonio,
Tex., in 1872, he married Miss Mary
King in this city, and was divorced
from her in 1901 by the San Antonio
courts on the ground of abandonment.
The reconciliation is said to have been
brought about through the efforts of
the son and daughter of Judge and
Mrs. MacLeary.

The jurist and his wife are both
in this city, but Judge MacLeary de-
clined to discuss his remarriage. For
a number of years he resided in Texas,
where he was a member of the legisla-
ture, attorney general of the state
and grand master of Masons.

ATWELL'S MISSION.

**Seeks Information in Regard to Case
of Joseph T. Cowan.**

New York, July 13.—W. H. Atwell,
United States district attorney at Dal-
las, Tex., visited the office of the
county register here Thursday to gather
information which he expects to use
in connection with the prosecution of
Joseph T. Cowan of Dallas, under in-
dictment charged with using the mails
for fraudulent purposes.

The alleged frauds were committed
in soliciting and receiving payments
from the heirs of James Hartsfield,
who died in this city many years ago,
for the purpose of establishing a claim
to a tract of land along the east side
of Central park, New York, now worth
hundreds of millions of dollars. It is
charged that Cowan represented that
an original lease of ninety-nine years
on the property had expired, and that
it should now revert to Hartsfield's
heirs. It is said that there are hun-
dreds of those heirs in the south and
southwest.

It is charged that Cowan has received
about \$1,500,000 as a result of the
plan. The prosecution charges that
there is no ground whatever for Cow-
an's contention to the real estate in
question.

EVANS NAMED.

**Tennessee Republican Convention
Nominates Him For Governor.**

Nashville, July 13.—Hon. Henry
Clay Evans was nominated for govern-
or by the Republican state convention.
D. C. Swab was nominated for railroad
commissioner.

The nomination of Evans came after
a most exciting session, and marks the
transfer of Republican leadership in
Tennessee from Congressman Brown-
low of the First district, to Mr. Ev-
ans. Factional differences arising
from rivalry between these two have
been sharp at times, and served to ac-
centuate interest in the convention.

There was a division over some of
the contested counties, and the at-
tempts of each faction to seat its
choice soon changed the convention
into a howling mob. Delegates crowd-
ed the speaker's stand, ran over the
press tables and threatened to engage
in fist fights.

CHOLERA MORBUS EPIDEMIC.

**Between Four and Five Hundred Ter-
rell Sick.**

Terrell, Tex., July 13.—An epidemic
of cholera morbus is taking hold of
the inmates and employees of the north
Texas insane asylum in this city.
Between 400 and 500 patients and a
number of attendants are suffering
from the attack, but thus far Dr. Nich-
ols is the only one of the medical staff
to suffer. No cause for the outbreak
has been assigned. Those afflicted suf-
fer from violent vomiting and sickness,
followed by ennuil of a very depressing
sort.

ALLEN'S CLOSE CALL.

**Negro Who Attempted Criminal Assault
Nearly Made a Corpse.**

Duncan, I. T., July 13.—Joe Allen,
a young negro, who is alleged to have
attempted to criminally assault
several days ago Mrs. A. P. Harris,
five miles from Caddo, was captured
and taken before the lady, who iden-
tified him. Men armed with shotguns
were on the streets at Caddo. Five
deputy marshals brought Allen here.

LOSS IMMENSE.

**Watterson Company Is Out Fifteen
Millions of Dollars.**

El Paso, July 13.—By the cloud-
burst and landslide in the state of
Chihuahua, Mex., in which several
Mexicans were killed, the Watterson

works destroyed, suffers \$15,000,000

sence of Judge Maxey the fare reduc-
tion case of the Central railway will
not be heard July 16, but is indefinitely
postponed.

TRIUMPH OF JUSTICE.

**Prevailing Sentiment of Paris Press
Testifies to Court's Integrity.**

Paris, July 13.—Radical supporters
of Dreyfus are seeking to force the
government to prosecute many gener-
als, colonels and high functionaries re-
sponsible for the condemnation of
Dreyfus. The amnesty law protects
them, but a movement is on foot to
repeal this law for the purpose of
reaching Generals Mercier and Goese,
Colonel Dupaty de Clan and others
who were prominent in the prosecu-
tion of Dreyfus. The government
newspapers declare the affair closed,
but others, notably the Figaro and
Echo de Paris, assert fierce reprisals
are about to begin. The Figaro, how-
ever, appeals to those who were prom-
inent in obtaining the revision of the
Dreyfus trial to not attempt to obtain
vengeance. The Eclair asserts the
acquittal of Dreyfus means politicians
sifted the judiciary. The prevailing
tone of the press testifies to the scru-
pulous integrity of the court and halls
its decision as a triumph of justice.

CONVENTION BEGINS.

**Baptist Young People's Union Is In
Session at City of Omaha.**

Omaha, July 13.—Delegates to the
fifteenth international convention of
the Baptist Young People's Union of
America began the programme of Fri-
day at 6:30 o'clock in the morning
with prayer meetings at convention
hall, First Baptist church, South Oma-
ha, and the First Baptist church, Coun-
cil Bluffs. The meetings were con-
ducted by Rev. George F. Holt of Min-
neapolis, Rev. H. Miller of Fon du Lac,
Wis., and Rev. J. Marion Guerdy of
Kansas City. These meetings were
largely attended. At 8:30 the four
departmental meetings were held in
various churches.

ONE TURNED OVER.

**Monon Train Derailed at South Ham-
mond, Ind., and Goes Into Ditch.**

Chicago, July 13.—The engine, ex-
press car and combination car of a
Monon passenger train from Cincin-
nati was derailed at South Hammond,
Ind. The train jumped the track be-
tween Fair Oaks and Roselawn and ran
into a ditch. The express car turned
completely over. The combination
car, though leaving the track, did not
upset. The passenger coaches and two
sleepers, which constituted the remain-
der of the train, remained on the rails.
It is reported one person was killed.

naparte states that the Carnegie and

the contract for the armor for one of
the new 16,000-ton battleships in prices
named by Midvale Steel company in
their bid. The contract for the armor

tract given to them.

sault on a Little Girl.**

years in the penitentiary on the charge
of attempted criminal assault on a
nine-year-old negro girl.
